

# Side module holder (S-CR) 14HP 3U for use with plug-in modules

**IN STOCK**

Side module holder (S-CR) for use with 7HP insert modules in copper and FO. The plug-in modules are fastened to the module holder from the panel side using 2 screws. The plug-in modules can be completely pulled out of the module holder. A maximum of 2 x 7HP insert modules (12 ports) can be mounted in the module holder. The side module holder (S-CR) is affixed on the lateral cabinet perforation. This makes mounting simple and fast. Side-mounting of the cabinet makes it possible to perform cabling in space-saving manner while enhancing climate control and without impacting the air flow.

Mounting material and Keystone modules are not included!

### Properties:

Material	Steel plate Nickel-plated and Heat-treated
Color	Gray, RAL 7035
Installation depth	190 mm
